The S.T.A.B.L.E. Program 2024

Sponsored by: University of Iowa Stead Family Children’s Hospital
Children’s and Women’s Services

(Brochure for Non NICU)

Purpose/Description:

The purpose of this program is to review the steps involved in stabilization of the neonate after the initial resuscitation, using a mnemonic that allows for easy recall of those steps.

Location: 8th floor classroom (8770 JPP), University of Iowa Hospitals & Clinics

Objectives: At the completion of the program the participant will be able to:

1. Identify issues of safety and error reduction.
2. Describe infants at risk for hypoglycemia and the symptoms they display.
3. Discuss the process of warming and monitoring severely hypothermic infants.
4. Review the indications for positive pressure ventilation.
5. Describe the components of shock.
6. Identify the major clinical signs of neonatal sepsis.
7. Discuss the ways in which caregivers can support parents of sick neonates.

Schedule
