

Pediatric Palliative Care: Putting the Pieces Together

Thursday November 10, 2022

Courtyard by Marriott Iowa City University Heights

901 Melrose Ave., Iowa City, IA 52246

Hybrid Option – Join us in person or Zoom

Speakers will be in person

Keynote Speaker: Brian S. Carter, MD

University of Missouri-Kansas City School of Medicine

Intended Audience

- All health care practitioners who care for pediatric patients with chronic conditions

Objectives

- Describe the phenomena of liminality and how accompanying a patient/family through uncertainty characterizes the roles of interdisciplinary palliative care teams members.
- Describe the team-based approach to delivery of care for children with complex medical issues.
- List three essential components of perinatal palliative care and the three primary stakeholders in every encounter.
- Explain the role of medical genetics in the diagnosis and treatment of children with complex disorders.
