

2022 Advanced Fetal Heart Monitoring

Dates: April 28; October 10

Location: 8770JPP, UI Hospitals & Clinics, Iowa City, IA

Audience: This course is designed for clinicians who have a minimum of 6 months of clinical practice using fetal heart monitoring in their care of intrapartum patients, previously completed a formal basic or foundation fetal heart monitoring course, and current experience using fetal monitoring technology in their intrapartum clinical settings.

Purpose: The Advanced FHM course conveys the application of advanced fetal heart monitoring knowledge and skills.

Description: This 1-day instructor-led course is designed to prepare clinicians to care for patients with complex fetal heart monitoring tracings.

Course components include:

- Complex case studies that include recommended interventions
- Communicating with colleagues
- Advanced principles of maternal-fetal physiology
- Optional online post-test is available (required for UIHC staff)

Nursing Credits: Participants who attend the full day of the course are awarded seven (7) hours of continuing nursing education (CNE) credit or seven (7) hours of continuing medical education (CME) credit. The course includes an optional posttest with 80% being the requirement for successful completion. AWHONN is accredited as a provider of continuing education in nursing by the American Nurses Credentialing Center's Commission on Accreditation. AWHONN also holds a California BRN number: California CNE provider #CEP580.

Accredited status does not imply endorsement by AWHONN or ANCC of any commercial products displayed or discussed in conjunction with an activity.

Faculty:

Jeana Forman, MSN, RNC-OB, Nursing Practice Leader, Children's and Women's Services, Department of Nursing

Faculty is AWHONN FHMPP Instructor.

Objectives:

1. Describe physiologic principles of maternal and fetal oxygen transfer as they apply to principles of fetal heart monitoring.
2. Appraise the fetal response to maternal pathological and physiological adaptations during the labor process.
3. Analyze complex case studies and tracings using standardized terminology.
4. Apply perinatal risk management principles, communication techniques, and documentation strategies to complex and challenging patient care scenarios.

Schedule:

08:00	Introduction
08:30	Culture of Safety
09:30	Physiological Adaptations
10:30	Break
10:45	Fetal Arrhythmias
11:45	Lunch
12:30	Complex Case Studies
2:30	Break
2:45	Complex Case Studies
4:00	Course wrap up, instruction about accessing optional test, evaluation and certificates
4:15	Adjourn

Course Fees: There is no fee for UIHC OB nurses working on the in-patient units. Registration fee for all other UIHC staff is **\$177** which includes the AWHONN required course workbook and nursing CE credit; CME is not provided through UIHC. The course textbook may be borrowed from Jeana Forman or purchased. Payment of fees required at the time of registration. Refund Policy: Full refund (minus \$10 cancellation fee) if notification received on or before the registration deadline.

Course Date	Registration Deadline
April 28, 2022	April 7, 2022
October 10, 2022	September 19, 2022

Course Reading: Registrants are responsible for purchasing / accessing course reading, *Fetal Heart Monitoring Principles and Practices, 5th Edition*. The electronic text with 1 year access is available for \$34.95. Contact Jeana Forman at jeana-forman@uiowa.edu for information.
