GENERAL INFORMATION

Nursing Credit:

5.0 contact hours will be granted by UI Hospitals & Clinics Department of Nursing (IBN Approved Provider #34). Participants must attend the entire program to receive full credit.

Educational Objectives:

Upon completion of this program, learner should be able to:

- Discuss the latest updates in inflammatory bowel disease management.
- Discuss the risk factors for acute pancreatitis, criterions to access severity of pancreatitis, nutrition in acute pancreatitis, and role of antibiotics in acute pancreatitis.
- Identify two ways to manage high ileostomy output and rationale.
- Provide education and information on the cecostomy population that is served within the department.
- Identify at least one treatment option for lower motility disorders.
- Increase awareness of clinical trials as a treatment option versus standard of care.
- Review the changing demographics of colorectal cancer, with focus on early onset disease, possible causes, and implications for screening and treatment.

The University of Iowa prohibits discrimination in employment, educational programs, and activities on the basis of race, creed, color, religion, national origin, age, sex, pregnancy, disability, genetic information, status as a U.S. veteran, service in the U.S. military, sexual orientation, gender identity, associational preferences, or any other classification that deprives the person of consideration as an individual. The university also affirms its commitment to providing equal opportunities and equal access to university facilities. For additional information on nondiscrimination policies, contact the Director, Office of Equal Opportunity and Diversity, the University of Iowa, 202 Jessup Hall, Iowa City, IA, 52242-1316, 319-335-0705 (voice), 319-335-0697 (TDD), diversity@uiowa.edu.
