Department of Nursing Services and Patient Care IBN
Approved Provider #34

Changing Medicine.
Changing Lives.®

GENERAL INFORMATION

Educational Objectives

Upon completion of this program, learner should be able to:

- Discuss the perioperative management of opioid-tolerant patients.
- Discuss the variety and scope of commonly performed oculoplastic procedures and the reasoning behind common post-operative instructions and restrictions.
- Identify common urologic procedures and their pre/post operative considerations in order to continue providing excellent care for urologic patients.
- Describe the factors that influence short-term patient outcomes in colon and rectal surgery.
- Describe common reasons for retina surgery and why patients have to maintain certain positions after surgery.
- Discuss the primary differences between a patient with a tracheostomy and a laryngectomy.

Continuing Education Credit

Nursing Credits: **4.25 contact hours** will be granted by University of Iowa Hospitals & Clinics Department of Nursing (IBN Approved Provider #34). Participants must attend the entire program to receive full credit. Questions concerning nursing credits should be directed to the Nursing Clinical Education Center at (319) 356-1238.

Planning Committee Members:

Pamela Uhrich, MSN, RN, CPAN, CAPA, Nursing Practice Leader
