GENERAL INFORMATION

Purpose: This conference is designed to help surgeons increase their medical knowledge and practice performance regarding surgical care.

Intended Audience: The intended audience for this conference includes general surgeons, surgical residents, and medical students. Surgeons of other subspecialties, primary care physicians, physician-extenders and nurses may also find the content of the conference very useful.

Educational Objectives: Upon completion of this conference, the learner should be able to:

- Describe medical management of diverticulitis, segmental colitis associated with diverticulitis, and indications for surgery
- Discuss surgical management of esophageal cancer, melanoma, and peritoneal surface malignancies
- Describe medical versus surgical management of appendicitis in pediatric and adult populations

Registration Fee: The registration fee includes registration, conference materials, CME, MOC, and CE recording, continental breakfast, coffee breaks, lunch, and one reception and dinner ticket.

All but \$25 of the fee is refundable if inability to attend is made known on or before October 21, 2019. Refunds will not be made for cancellations after this date.
