AGENDA

Friday, May 18, 2018
Medical Alumni Auditorium, E331 General Hospital

7:30 – 8:15 am  Registration/Breakfast

8:15 – 9:15  
**Keynote**

**Martin J. Abrahamson, MD**
Treatment of Type 2 Diabetes – Getting to Goal Safely

9:15 – 10:00  
**E. Dale Abel, MD, PhD**
Diabetes and Heart Failure – Mechanisms and Clinical Challenges

10:00 – 10:15  Break

10:15 – 11:00  
**Nidhi Bansal, MBBS, MPH**
Nonstatin Decision Making to Decrease Cardiovascular Risk

11:00 – 11:45  
**Helena H. Laroche, MD, MS**
Management Clinic - Weight Management Pearls

11:45 – 12:55 pm  Lunch

1:00 – 1:45  
**Brian O’Neill, MD, PhD**
Exercise as Medicine for Diabetes

1:45 – 2:30  
**William I. Sivitz, MD**
Overview: Complications of Diabetes, Prevention and Management

2:30 – 2:45  Break

2:45 – 3:45  
**Lisa Morselli, MD** and  
**Rhonda Fruhling, MS, MHCDS, ARNP, CDE**
Smart Technology for Diabetes Self-care and Weight Management

3:45 – 4:30  
**Yumi Imai, MD**
Incorporating Recent Advancement to Improve Patient Care for Diabetes and Obesity

4:30  Ending Remarks and Adjournment
Intended Audience
This course is designed for primary care physicians, physician assistants, nurse practitioners, nurses, certified diabetes educators, and other health care providers.

Purpose
Primary care providers are in best position to educate, to motivate, and manage the health of patients with obesity and diabetes. We intend to update knowledge and improve competence by discussing issues such as medications, nutrition, and physical activity related to obesity and diabetes.

Educational Objectives
Upon completion of this course the learner should be able to:
- Describe strategies to achieve glycemic control safely so as to improve patient outcomes effectively.
- Discuss mechanisms by which diabetes increases the risk of heart failure and assess effects of diabetes treatment for heart failure.
- Describe how non-statin based medication can be utilized to treat hyperlipidemia in diabetes and obesity.
- Examine current therapies for obesity and describe how to formulate a personalized weight management approach.
- Describe how to utilize exercise effectively to improve outcomes in diabetes and obesity.
- Identify complications of diabetes, examine strategies to prevent complications, and discuss treatment options for complications.
- Examine advancements in insulin pump therapy and continuous glucose monitoring.
- Assess utility of new technologies for diabetes and obesity.
- Discuss how to apply new technologies and therapeutics for obesity and diabetes to achieve optimum outcomes through personalized approaches.

Registration Fees
The fee is $175 for physicians, $125 for nurses and physician assistants, $100 for other diabetes health care professionals, and $50 for students/residents. All fees include registration, instruction and educational materials, CME and CEU recording, parking, continental breakfast, refreshment breaks and lunch.

Space is limited. We encourage early registration to enable us to provide the best possible service to participants. A $25 fee will be charged for canceled registrations.

Detailed Conference Location and Parking
Newton Road Parking Ramp: Park on the west end of the ramp and cross the street over towards the MERF (green) building. Follow the sidewalk up the slight incline towards the hospital. Veer slightly to the right to the first door of the hospital. Entering that door you should see elevator AE to your right. Take that elevator to 3rd floor. Exit the elevator and go right. Continue straight down the hallway until you reach the auditorium on the left.

Ramp 1/UIHC: Park in Ramp 1, cross the street and enter the ‘General Hospital West Entrance’ door. Follow the hallway around to the right, continue to go straight down the hall; cross the compass intersection and continue east. Go to the end of the hall until you reach elevator BE to your left. Take the elevator up to the 3rd floor. Exit left. The auditorium is straight ahead.

The registration desk will be located outside the room. If you get disoriented, please call 356-4379 and someone will help guide you. Additional maps: https://maps.uiowa.edu/nrp and https://uihc.org/parking-and-map

Housing
Participants are responsible for making their own hotel reservations and may do so by contacting the Iowa City/Coralville Convention and Visitors Bureau (www.coralvilleiowacity.org) at (800) 283-6592 or any hotel in the Iowa City area including: the hotelVetro (downtown) (319) 337-4961; the Coralville Marriott Hotel: (319) 688-4000; the Radisson Hotel (Coralville): (319) 351-5049. Rates are not guaranteed.

Continuing Education Credit
The University of Iowa Roy J. and Lucille A. Carver College of Medicine is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

Physicians: The University of Iowa Roy J. and Lucille A. Carver College of Medicine designates this live activity for a maximum of 6.5 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Nurses: 6.5 contact hours will be awarded by University of Iowa Hospitals and Clinics Department of Nursing (IBN Approved Provider #34). Participants must attend the entire program to receive full credit. Questions concerning nursing credits should be directed to the Nursing Clinical Education Center at (319) 356-4304.

Determination of educational content for this program and the selection of speakers are responsibilities of the program director. Firms providing financial support did not have input in these areas.
Program Faculty

E. Dale Abel, MD, PhD
Chair and Department Executive Officer, Department of Internal Medicine
Director: Fraternal Order of Eagles Diabetes Research Center
Director: Division of Endocrinology and Metabolism
Professor of Medicine, Biochemistry and Biomedical Engineering

Martin J. Abrahamson, MD
Associate Professor of Medicine, Harvard Medical School
Endocrinology, Diabetes & Metabolism, Beth Israel Deaconess Medical Center

Nidhi Bansal, MBBS, MPH
Clinical Assistant Professor of Pediatrics
Endocrinology and Diabetes
UI Carver College of Medicine

Yumi Imai, MD
Associate Professor of Internal Medicine
Endocrinology and Metabolism
UI Carver College of Medicine

Rhonda Fruhling, MS, MHCDS, ARNP, CDE
Diabetes Education Program Coordinator
UI Carver College of Medicine

Helena H. Laroche, MD, MS
Assistant Professor of Internal Medicine
General Internal Medicine
Associate Director of Weight Management Clinic
UI Carver College of Medicine

Lisa Morselli, MD
Fellow in Internal Medicine
Endocrinology and Metabolism
UI Carver College of Medicine

Brian O’Neill, MD, PhD
Assistant Professor of Internal Medicine
Endocrinology and Metabolism
UI Carver College of Medicine

William Sivitz, MD
Professor of Internal Medicine
Endocrinology and Metabolism
UI Carver College of Medicine
