Morning Session
Moderators: Colin J. O’Brien, MD and Alan Stolpen, MD, PhD

7:30 am Registration
7:55 Welcome and Introductory Remarks
Deborah Levine, MD, FACR
8:00 MIPs and MACRA and How the ACR Can Help You
Eve Clark, MD
8:45 Don’t miss this! Things to be Wary of on OB Ultrasound
Anne Kennedy, MB, BCH, BAO
9:30 Break
9:45 Solving the Problem Pelvic Ultrasound with MRI
Deborah Levine, MD, FACR
10:30 Overdiagnosis - Facts & Controversies
Saurabh Jha, MBBS, MRCS, MS
11:15 Lunch – Dennis Tibben
Directory or Government Affairs, Iowa Medical Society

Afternoon Session
Moderators: Colin J. O’Brien, MD and Alan Stolpen, MD, PhD

12:45 pm Ectopic Pregnancy: Oh the places we can go...
Anne Kennedy, MB, BCH, BAO
1:30 Consumerism and Radiology
Saurabh Jha, MBBS, MRCS, MS
2:15 Break
2:30 Newer Concepts in Testicular Ultrasound
Robert Harris, MD, MPH, FACR
3:15 Applying the Latest PIRADS to Prostate MRI for Fusion Biopsy: How to Build a Collaborative Effort with Your Local Urologists
Maheen Rajput, MD
4:00 Break/CME Program Adjourns
4:15 Iowa State Chapter Business Meeting
5:00 Business Meeting Adjourns
Identify ectopic pregnancy on ultrasound.

Explain MRI US fusion biopsy for prostate associated imaging findings.

Outline newest PIRADS version and heterogeneous testes.

Describe testicular anatomy and scanning.

Explain newer thoughts on sonography.

Explain epistemic basis of over diagnosis.

Outline how ACR tools such as registries applied to imaging.

Specify how quality measures can be implemented in accordance with the Essential Elements and Policies of the Accreditation Council for Continuing Medical Education (ACCME).

This activity has been planned and implemented in accordance with the Essential Elements and Policies of the Accreditation Council for Continuing Medical Education (ACCME), through the joint providership of the University of Iowa Roy J. and Lucille A. Carver College of Medicine and the Iowa Radiological Society. The UI Carver College of Medicine is accredited by the ACCME to provide continuing medical education for physicians. The University of Iowa Carver College of Medicine designates this live activity for a maximum of 5.25 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Registration

The registration fee is $150 for members of the Iowa Radiological Society and alumni of the College of Medicine’s Department of Radiology. The registration fee for other physicians is $180. Fellows and Radiology residents in training may attend free of charge with a letter of certification from their director of education. The fee covers registration, instruction, educational materials, refreshments, lunch, and awarding of continuing education credits.

Meeting Location

Marriott Coralville Hotel & Conference Center
300 East 6th Street
Coralville, IA, 52241
TEL: (319) 688-4000

Housing

Participants are responsible for making their own hotel reservations and may do so by contacting the Iowa City/Coralville Area Convention and Visitors Bureau at (800) 283-6592, or any hotel in the Iowa City area including the Coralville Marriott at (319) 688-4000. Rates are not guaranteed.

Parking

Parking is available in garage adjacent to the Coralville Marriott at prevailing rates. Determination of educational content for this program and the selection of speakers are responsibilities of the program director. Firms providing financial support do not have input in these areas.

DISCLOSURE POLICY. Everyone in a position to control the content of this educational activity will disclose to the CME provider and to attendees all relevant financial relationships with any commercial interest.

Program Faculty

Robert Harris, MD, MPH, FACP
Clinical Professor of Radiology
Division of Body Imaging
University of Iowa Hospitals and Clinics
Iowa City, IA

Saurabh Jha, MBBS, MCRCS, MS
Associate Professor of Radiology
Hospital of the University of Pennsylvania
Philadelphia, PA

Anne Kennedy, MB, BCH, BA
Clinical Professor of Radiology
and Imaging Sciences
Adjunct Professor of Obstetrics/Gynecology
University of Utah Hospital
Salt Lake City, UT

Deborah Levine, MD, FACR
Pain Vice President of the American College of Radiology
Vice Chair of Academic Affairs, Department of Radiology
Director, Obstetric and Gynecologic Ultrasound
Department of Radiology Bethesda/Deaconess Medical Center
Boston, MA

Maheen Rajput, MD
Clinical Associate Professor of Radiology - Division of Body Imaging
Fellowship Program Director, Body Imaging
University of Iowa Hospitals and Clinics
Iowa City, IA

Moderators

Colin J. O’Brien, MD
President and Diagnostic Radiologist
Radiological Medical Services, PC
Coralville, IA

Alan Stolpen, MD, PhD
Professor of Radiology
Division of Body Imaging
University of Iowa Roy J. and Lucille A. Carver College of Medicine
Iowa City, IA

Tracht Mullard, MD, FACP

Identify ectopic pregnancy on ultrasound. Describe and explain critical findings not lesions. Explain MRI US fusion biopsy for prostate heterogeneous testes. Outline newest PIRADS version and over diagnosis. Explain why radiologists are implicated in can aid in demonstrating your practice is applied to imaging. Explain how ACR tools such as registries can help. Specify how quality measures can be implemented in accordance with the Essential areas and policies of the Accreditation Council for Continuing Medical Education (ACCME). Upon completion of this program learner should be able to: * Illustrate use of MRI in complicated pregnancies such as those with placenta accreta * Describe the use of MRI for the indeterminate adrenal mass. * Indicate how MRI will be useful before and after fibroid embolization. * State what is meant by "Medicare Access and CHIP Reauthorization Act." * Specify how quality measures can be applied to imaging. * Explain how ACR tools such as registries can aid in demonstrating your practice is continuously working to improve quality. * Explain epidiemic basis of over diagnosis. * Explain why radiologists are implicated in over diagnosis. * Outline prescriptions for over diagnosis. * Describe testicular anatomy and scanning technique. * Explain newer thoughts on sonography of testicular cancer and epidemiology. * Outline etiology and significance of heterogeneous testes. * Outline newest PIRADS version and associated imaging findings. * Explain MRI US fusion biopsy for prostate lesions. * Describe and explain critical findings not to miss in 2nd and 3rd trimester ultrasound. Identify ectopic pregnancy on transvaginal ultrasound. 

Credit This activity has been planned and implemented in accordance with the Essential Areas and Policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of the University of Iowa Roy J. and Lucille A. Carver College of Medicine and the Iowa Radiological Society. The UI Carver College of Medicine is accredited by the ACCME to provide continuing medical education for physicians. The University of Iowa prohibits discrimination in employment, educational programs, and activities on the basis of race, creed, color, religion, national origin, age, sex, pregnancy, disability, genetic information, marital status, sexual orientation, gender identity, associational preferences, or any other classification that deprives the person of consideration as an individual. The university also affirmatively adheres to the principles of equal opportunity and equal access to university facilities. For additional information on nondiscrimination policies, contact the Director, Office of Equal Opportunity and Diversity, the University of Iowa, 202 Jessup Hall, Iowa City, IA, 52242-1316, 319-335-0705 (voice), 319-335-0697 (TDD), diversity@uiowa.edu.

Individuals with disabilities are encouraged to attend all University of Iowa sponsored events. If you are a person with a disability who requires accommodations to participate in these programs, please contact the Continuing Medical Education Division at 319-335-6500.
Explain newer thoughts on sonography technique.

Outline prescriptions for overdiagnosis.

Explain epistemic basis of overdiagnosis.

Continuously working to improve quality.

Indicate how MRI will be useful before and after fibroid embolization.

Topics in genitourinary imaging, awareness and knowledge of important incontinencies such as those with placenta accreta.
